Looks Into Future

DiSalle Spurs Bid For Development

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle today urged Ohio lawmakers to set up a new Economic Development Department designed like "a giant Univac to provide the answers for the future."

His message was the highlight of the closing legislative day of the lawmakers' eighth work week. Accompanying the message was a bill to carry out DiSalle's recommendations.

The governor's message, his ninth to the 103rd General Assembly, came on the heels of Senate passage of a bill to lift the present \$65-a-month ceiling on aid for the aged and the needy blind. The bill now goes to the House.

The economic development bill proposed creating three divisions in the new Cabinet-status department: A Division of Economic Growth, another for Industrial Development, and a third for Research and Planning.

DiSalle told the lawmakers:

"This step may be the greatest single taken by a Legislature in Ohio in many years, for the potential of this department has no limits in translating today's problems into tomorrow's solutions."

Senate approval of the ceiling.

To Curb National Unrest

Southern Rhodesia Leader Calls State Of Emergency

SALISBURY, Southern Rhodesia (AP)—Prime Minister Sir Edgar Whitehead declared a state of emergency throughout Southern Rhodesia today and banned the African national party as an illegal organization.

Whitehead acted to prevent the spread to Southern Rhodesia of nationalist unrest in neighboring Nyasaland, which is united with Southern and Northern Rhodesia in the Central African Federation of the British Commonwealth.

Most of the national party officers in Southern Rhodesia were arrested in predawn raids.

There was no indication, however, that arrest had been ordered for the firebrand head of the congress, Dr. Hastings Banda, a 54-year-old London-educated physician who returned to his native Nyasaland a year ago after 40 years of self-imposed exile.

Banda makes his headquarters in Blantyre, the Nyasaland capital, and officials in Salisbury said neither the state of emergency nor the ban on the African congress had been extended to Nyasaland or Northern Rhodesia.

Regulations published in the Southern Rhodesian Government Gazette empowered the government to arrest and hold any person without charges in the public interest, prohibit gatherings of more than three people, control movement of people and weapons, impose curfews and control publication of information about activities of security forces.

Whitehead said a grave situation similar to that in Nyasaland might be created in Southern Rhodesia unless immediate steps were taken.

So far, the only threatening unrest was reported at Kariba, where 4,000 striking Africans have brought work to a halt on the huge Zambezi River hydroelectric project. The row apparently started over wages, but British officials say "there is something definitely political about it now."

There were reports that members of Banda's organization had slipped into the area to direct the strikers from a secret hideout.

Banda, who describes himself as "the extremist of the extremists," wants to take Nyasaland—British protectorate—out of the British-ruled federation of Rhodesia-Nyasaland in Southeast Africa.

Regulations published in the Southern Rhodesian Government Gazette.

Marshall's Condition Reported Still Serious

FT. BRAGG, N.C. (AP)—Gen. George C. Marshall, 78, was resting comfortably although still in serious condition today.

The report came from the general's physician, Col. George M. Powell.

Marshall was hospitalized Jan. 15, shortly after suffering a second stroke at his winter home in nearby Pinehurst.

Macmillan Warns Russia Of West Rights In Berlin

West Fears Of Greater Crisis Mount

New Dangers Build Up Under Impact Of Khrushchev Oratory

WASHINGTON (AP) — Western fears of a dangerous Berlin crisis late this spring are beginning to build up again under the impact of Nikita Khrushchev's oratory.

Unless the Soviet government can be drawn into high level negotiations on German issues in the next two or three months, authorities here are not sure what may happen. But they see an increasing possibility that in his present cocky, confident mood the Soviet premier may try some extremely risky moves.

United States officials still cling to the hope that Khrushchev will agree to a foreign ministers meeting for late April or early May. His speech in Moscow Tuesday rejecting negotiations about German reunification does not constitute a real answer to the Western proposal of Feb. 16 for a Big Four session, informants said.

But President Eisenhower's rather gloomy appraisal of the outlook at his news conference Wednesday seemed to reflect a growing uncertainty over the possibility of actually getting serious negotiations started.

Eisenhower said Khrushchev had displayed an "obviously, palpably intransigent attitude" in his speech and though there was nothing very new in it the tone and the timing were matters of concern.

Noting that the speech came in the midst of Khrushchev's talks with British Prime Minister Harold Macmillan, Eisenhower said the development "is not one that, certainly, you could call hopeful."

Death Victim Ex-Resident Of Wellsville

BULLETIN!

The girl found dead in a Chester tourist home early today has been identified as Connie Barrymore formerly of Wellsville. A. L. Newton, Wellsville City Hall custodian and former policeman, made the identification. He accompanied Police Chief John B. Hepner to Chester after it was learned the girl had resided in Wellsville at one time. She also had lived in Cincinnati, authorities said. It was not known immediately if she was visiting relatives in Wellsville or where she was residing.

Acorn said he expects the committee, which meets here March 13-14, to have ready by Sept. 1 a statement covering such topics as civil rights, agriculture, labor, monetary policy and other areas.

"This is an attempt to state what the party ought to be trying to do in the next eight or 10 years," he said.

Saying that the committee represents "all segments of Republican party thinking," Acorn said he invited only one Republican governor, Cecil Underwood of West Virginia, to join the group.

Acorn named Sen. Everett Dirksen of Illinois and Rep. Charles Halleck of Indiana, party leaders in the two houses, as the only congressional members.

Other members include several from the GOP National Committee, several professors, a number of women, and leaders in the fields of labor, agriculture, business and law.

ON HIS FATHER'S PAYROLL. Rep. Steven V. Carter (D-Iowa), right, appears with his son, Steven Anthony Carter, 19, in his office after he told the House at Washington he will keep his son on the Congressional payroll. Carter said, however, he will cut his son's salary from \$11,872 a year to \$6,400. Since the disclosure last week that the youth was working in his office at almost \$12,000 a year, many taxpayers have been writing to protest. (UPI Telephoto)

Violent Blast Rocks British H-Bomb Base

2 Killed, 1 Injured; No Radioactivity Hazard Is Reported

ALDERMaston, England (AP) — A violent explosion rocked Britain's big H-bomb research base here today after someone dropped an explosive charge. Two men were killed and one injured.

Officials announced there was no radioactivity hazard to the staff or the general public.

The explosion set doors and windows rattling in the village of Aldermaston, two miles away, where 300 people live. Fire engines screamed through the village streets. But there was no panic.

"We've got used to living close to this thing," said Woodley Thomas, 19, a clerk at the ivy-covered post office.

The death of an 18-year-old girl in a Chester tourist home this morning is being investigated by police and Hancock County Coroners Dr. George Naymick, who has virtually ruled out any criminal connection with the case.

The girl, tentatively identified by the name of Connie Rayburn on the registration book, was found dead in bed at the Allerton Tourist Home, 641 Carolina Ave.

Authorities late this morning indicated the girl may be from Wellsville, but positive identification is awaiting a further check.

The brown-haired girl was accompanied to the tourist home by a man who police said is from Chester.

The man signed the register for the girl, and asked to see her to her room which the home authorities refused. They did accompany the pair to the room for a short time, then the couple left.

People at the tourist home did not hear the girl return later during the night. Dr. Naymick said the girl was in her undergarments and there were no signs of disorder in the room.

There were no wounds evident and no indications of sleeping tablets, Dr. Naymick said, but ap-

Trial Delayed For Woman In Traffic Case

4 Ex-Officers Wait Action Of Appeals Court

3 Judges Will Air Motions To Dismiss Burglary Charges

Motions by 4 former city police officers to dismiss 7 burglary indictments are among 11 cases to be reviewed by the 7th District Court of Appeals which will convene Tuesday at Littleton.

Ira Cunningham, Robert Carroll and Louis Stutler, ex-officers, and Jerry Raimond, former special officer, filed appeals late

last year after Judge Raymond S. Buzzard turned down their requests to quash the indictments on grounds the cases had not been tried in the prescribed time. The cases stem from a 1956 police department investigation.

Since the appeals were filed, Cunningham, Raimond and Stutler have been convicted in two other cases and Carroll has been acquitted on one charge. Cunningham is slated to go to trial Monday on a separate charge of attempt to commit perjury.

Also due for final action by the appellate court is a motion by Dallas Bishop, former ex-officer, to have stricken from his trial record the written affidavit of a juror whose meeting with a defense attorney brought a mistrial in May 1958.

Bishop seeks to have the testimony of Mrs. Genevieve Cunningham.

Britain And Egypt To Sign Money Pact

CAIRO (AP)—World Bank President Eugene Black announced today a British-Egyptian financial agreement initiated here Jan. 17 will be signed Saturday.

The agreement is designed to settle claims and counterclaims arising out of the British-French invasion of Suez in 1956. They total many millions of dollars.

11 School Children Die As Platform Falls

SAN LUIS, Mexico (AP) — Eleven school children who stepped up to pledge allegiance to the Mexican flag are dead, killed when the platform gave way.

Twenty-three other adults and children suffered serious injuries in the accident during a festival celebration Tuesday night in the farming community of Estacion Coahuila, 18 miles south of here.

The company refused to explain the firings, declaring "it is contrary to policy to discuss dismissals before arbitration," but it was reported the three were involved in a speedup of the pickling time to increase their bonus, discovered when the company checked on the operation.

The company and representatives of Steelworkers Local 1212

will seek to iron out the dispute Monday. The strike began Tuesday.

Takes Plane To Capital Of Ukraine

Khrushchev Doesn't Go, Indicating More Cooling Of Relations

KIEV, Soviet Union (AP)—Prime Minister Macmillan flew into this capital of Ukraine today without the promised company of Nikita Khrushchev.

The absence of Khrushchev indicated a further cooling off in relations.

British sources said that prior to his departure for Kiev, Macmillan sternly warned Khrushchev that any attempt to interfere with Western rights in Berlin would be fraught with danger.

A British spokesman said Khrushchev told Macmillan at a meeting in the Kremlin this morning he had a bad tooth and must have it filled.

Diplomats wondered whether this was a diplomatic illness.

The British have made no secret that relations between the two delegations have worsened since Khrushchev's speech on Tuesday in which he virtually rejected Western proposals for a Big Four foreign ministers meeting on Germany.

It became known that Macmillan and Khrushchev have virtually ended their talks on world problems.

The expectation was they would meet formally Monday to draw up a communiqué.

Diplomatic sources said the communiqué likely would touch only slightly on international affairs, and would express agreement in principle to have more trade and more cultural exchanges.

The talks thus appeared to have made little headway in reconciling British and Western policies with those of the Soviet Union.

In a chilly political atmosphere, Macmillan made it clear to Khrushchev at a meeting in the Kremlin that any attempt to interfere with the Western powers' position in Berlin "would lead to a dangerous situation," British informants said.

Hearing Fixed In Check Case

Auto License Leads To Suspect's Arrest

Municipal Judge George L. Brokaw today set a hearing Saturday morning at 9 for Charles Williams, 38, of 359 Garfield St., who was arraigned on a misdemeanor charge alleging he passed a fraudulent \$8.50 check Feb. 7 on the Travelers Hotel.

The affidavit signed by Paul Bulger, a hotel employee, alleges that Williams cashed the counter check drawn on the Commercial & Savings Bank at Gallipolis, knowing at the time that he had no account there.

Capt. Robert H. Pyle said Williams was traced through his auto license number, plus a description of the suspect. Williams moved here about a month ago from Gallipolis, the captain said. He was arrested at 7:15 this morning at his home.

Williams did not enter a plea to the charge. He told Judge Brokaw he knew at the time he wrote the check he had no account, but he thought his mother would deposit some money to his credit in the Gallipolis bank. When Williams indicated he wants to put up a defense on the charge, the judge continued the case to allow him to secure witnesses.

The fraud section of a state statute under which Williams is charged allows disposition of his case in the local court. Assistant Solicitor Richard J. Clark explained. If the charge had been filed under other sections, the court here would hold a preliminary hearing to determine whether the defendant should be held for the Grand Jury, he said.

Tasty Macaroni And Cheese Stretches Budget

Cheese may be as elegant or as simple as the occasion dictates. For instance . . . a cheese tray. A wedge of Cheddar with crackers for dessert is delightfully casual when served on a wooden tray or even an attractive bread board. The same wedge served on a silver platter is as elegant a dessert as you can find anywhere.

The following recipe is an inexpensive, basic favorite which

features natural Cheddar cheese. It is only a beginning—we hope it will open the door to a new experience in cheese enjoyment for you and yours.

Macaroni And Cheese
1 7-oz. pkg. long macaroni, broken into 2-inch pieces
1/4 cup margarine
1/4 cup flour
2 cups milk
1 teaspoon salt
1 10-oz. pkg. sharp natural Cheddar cheese, shredded

Cook macaroni in boiling salted water. Drain well. Make a white sauce with the margarine, flour, milk and salt. Place half of the macaroni in a greased 1 1/2-quart casserole.

Cover with half of the white sauce. Sprinkle with half of the shredded cheese. Add the remaining macaroni and white sauce, and top with the remaining shredded cheese. Bake in a moderate oven, 350 degrees, for 20 minutes.

iel Plumley and Randy Plumley, all at home; paternal grandparents, Mr. and Mrs. Herman Plumley of Midland; maternal grandparents, Mr. and Mrs. Robert Blair of Smiths Ferry, and paternal great-grandfather, Thomas E. Smith of East Liverpool.

Khrushchev Has An Air Of Confidence

Secretary of State Dulles might well have chuckled on his sickbed in reading accounts of British Prime Minister Macmillan's chilling encounter with Russian diplomacy on the Berlin issue.

"Now, my friend, you know what I've been up against," he might have mused.

If Macmillan has been designated by the Western powers to be a stand-in for Secretary Dulles, the Briton now knows what a frustrating experience it is to bear the chief responsibility. Moscow dispatches suggested he was shocked when Premier Khrushchev, after several days of diplomatic back-slapping, made a slashing attack on the Western position regarding Berlin.

The fact too plain to be concealed is Khrushchev's air of confidence about his ultimatum that Western occupation of West Berlin must cease when Russian occupation of East Berlin ceases on May 27. As far as anyone can see, the Russian premier holds the high hand in this game of diplomatic freezeout.

What he knows—what every Russian diplomat knows—is that the Western Powers have no intention of going to war over the issue of who stays in Berlin and how long. The Soviet Union has no intention of going to war, either. But if it came to a military showdown, the advantage would lie with the Russian army, which controls all the area surrounding Berlin. Khrushchev knows that. Secretary Dulles knows it. Prime Minister Macmillan knows it. The West Germans know it.

Rockefeller And The Day Of Reckoning

Gov. Rockefeller's jut-jawed policy that New York should pay for what it wants, with no more deficit financing, is closer to the policy being hammered out by President Eisenhower than had appeared at first.

There are two ways to balance a budget.

1. To make spending match income.

2. To make income match spending.

President Eisenhower is arguing in Washington that spending should not be greater than income.

Gov. Rockefeller is arguing in Albany that income should be equal to spending.

The difference in their approach is that New York already is committed to a spending program and cannot get out from under it. As the New York Times summed up the problem:

"New York State has been running down hill to insolvency through increased spending unaccompanied by increased taxation for

Yale's Griswold Didn't Say It

It was made to appear for a brief time that Yale University's president, Alfred Whitney Griswold, finally had broken the silence barrier on the athletic scholarship swindle.

But instead of referring to the scholarships themselves as a swindle in a speech at The Johns Hopkins University, President Griswold, it turned out, referred to them as a swindle on the kind of education every college student should receive. He was complaining that athletes who went to collage on athletic scholarships were not getting the kind of education they deserved.

What really needs to be said on this subject is that the athletes are not getting the kind of money they deserve for their important role in the entertainment business, which is what big-time football is.

None of them, it is safe to assume, makes in cash, value in lieu of cash, or in both more than a fifth of what his services are demonstrably worth at the boxoffice. Granted that many pigskin entertainers who work for peanuts as amateurs are doing so for a chance to catch the eye of scouts for professional teams, there still is no reason a laborer on the gridiron should not be worthy of his hire.

At the very least, he should be entitled to

THE WESTERN ALLIES prolonged a problem about the occupation of Berlin because they did not know how to solve it. They let the initiative fall into the hands of Premier Khrushchev, who did what he could have been expected to do with such a valuable diplomatic windfall. He exploited it for all it was worth. He used it to test the composure and cooperation of the Western Powers.

It is not necessary to admire Khrushchev or to agree with him to recognize that in this particular situation he has the edge on his diplomatic counterparts. He can do and say anything he chooses to do and say because he speaks for only one government, while Allied spokesmen must represent the United States, Britain and France directly and, indirectly, the United Nations, to which they will be forced to appeal if Russia forces them to a showdown on Berlin.

Small wonder that Prime Minister Macmillan went into a state of shock when he learned how audacious his host in Moscow dared to be. For once in the postwar years, no one is under the illusion that the Soviet Union is diplomatically outnumbered and can be outmaneuvered. Everything it does relative to Berlin reveals anew that it is confident of its strength whereas the Western Allies are conscious of their weakness.

They have made a powerful example of their way of life in West Berlin, but they never overcome the weakness of the military compromise that put them there, surrounded by the Russian army on all sides.

Portable Hospital

Hancock County has taken another step in Civilian Defense with the arrival of a portable hospital unit.

The hospital is a tangible part of what has

many intangible aspects. With proper supervision, it could play an important part in alleviating any emergency which might arise.

The opportunities for waste are many in civilian defense as they are during time of actual war. But a portable hospital such as that now available for use in the Hancock County area has many conceivable worth-while uses.

It represents a realistic approach to world affairs at the local level.

ARTHUR GODFREY is slated to replace Ed Murrow on "Person to Person." The "Redhead" has discovered you never can tell what may happen when you change your format. Arthur began interviews a few months ago as a stunt, just for laughs and, through his informal, breezy touch, made a hit in a new zone.

Part of an old cemetery in Newark, N. Y., is to be turned into a parking lot, a judge permitting it with the ruling "Respect for the dead does not require burial grounds to be hallowed forever. If that were so, the dead would in time crowd the living off the earth." (Here's hoping hiszor, when he goes to his reward, will take it calmly if he finds a couple of autoists arguing over rights to the space directly above him. And that there will be no epitaph: "Here lies a jurist of New Jersey; He rests amid the parking noisy.")

Of course, Reuther has recognized this. On Feb. 13 — just three days before he battled Meany — Reuther dispatched a very significant "Administrative Letter" to all Auto Union locals. It revealed that the Auto Workers Executive Board was revamping its special skilled workers division inside the union.

THIS SECTION will be guided by a new nine-man National Skilled Trades Advisory Committee. It will be a powerful division.

Victor Riesel
From behind the scenes of labor's high command sessions in Puerto Rico come reports that the "angry young man," Walter Reuther, has decided to challenge the policy making powers of Mr. Labor himself, George Meany, official leader of 3½ million AFL-CIO members.

The subdued bitterness between America's two most influential labor chiefs flared and exploded like sun spots in Meany's Hotel Caribe Hilton from on the night of Feb. 16. Here's a blow-by-blow description of the feud's blast-off into a conflict which later lined the younger CIO leaders in one bloc against the elders of the old AFL.

On Monday night in the blunt jargon of New Yorkers, Meany asked Reuther, who is more the rapier type, just what the hell he meant by discussing the organization of a task force to run a labor march on Washington without first consulting with him. Meany also wanted to know why Reuther started discussions without waiting for the AFL-CIO president to arrive in Puerto Rico.

THAT ACRID HOUR heated the room to the point where the long thick glass wall sheer melted.

Reuther left in a fury to talk strategy with his old CIO colleagues. It is absolute fact that word spread in the highest most responsible circles that there might not be a united AFL-CIO Executive Council session the next morning.

There was. Meany eased off after a night's sleep. He apologized to Reuther the next morning. Reuther rejected the apology. The brawl was on again. Some of the verbiage would never have been permitted in Boston or even in Mencken's "American Language."

The next day Meany met the CIO leaders in a bloc. They talked frankly about their right to take positions and to act without consulting him. Meany, who can move like a trip hammer, attempted to soothe the men who had led some four million workers from the mass industries into a partnership with the AFL a little more than three years ago. There was outward peace.

But only the naive will see this as anything but the calm before the labor storm. The differences between George Meany and Walter Reuther are and have been literally global.

IT WAS LOGICAL that the open fight should come now in the second year of what the scientists call the Spatial Age. We can't talk of building roads and a farm on the moon or hear reports that the Russians are about to put a man in orbit around the earth without realizing that U.S. industry is going Spatial too.

It's the era of the missile men, not the era of the masses of semi-skilled assembly-line men. These "operational" workers are growing fewer. That means Reuther's Auto Union and other old CIO units are losing members permanently.

As the semi-skilled workers are replaced by the installation and maintenance crews needed by the new machine-brain factories, the skilled trades — the crafts — grow stronger.

They are the opponents of Reuth-

Oil In Troubled Waters

By Raymond Moley

OKLAHOMA CITY, Okla.

The hottest subject of concern in the three big oil producing states of Louisiana, Texas and Oklahoma is the forthcoming battle in Congress over the depletion allowance in computing taxes on oil producers. Bills have been introduced by Sen. John J. Williams and by Rep. T. H. MacDonald to cut the allowance from its present 27½ per cent to 15 per cent.

The subject has been a perennial bone of contention in Congress for two decades. Now, with the Northern liberals stronger than ever, the pressure for a revision will be much greater.

This allowance amounts to permission for an oil producer to exempt a part of his income from federal taxes. The deduction is 27½ per cent unless this would amount to more than 50 per cent of the producer's net income. It was put into the law in this form in 1926.

IN GENERAL, the purpose of the allowance was to encourage the independent producer to gamble his capital on drilling, which in recent years has become more risky. Also, new fields become more difficult to exploit because it is necessary to drill deeper.

The allowances are attacked for the most part as a big tax loophole which enables the gathering of huge returns and large fortunes. And so it might look to the individual who has not studied the circumstances involved in the oil business.

It is claimed by the proponents of reduction that, in the last analysis, everyone who starts a new business takes risks, and that for every one who is successful, considerably more fail.

One federal official in the war years made the silly remark that "the wells that are going to be dry should not be drilled."

Space in this article prevents a lengthy discussion of the argu-

ments in favor of the depletion allowance. But it is pointed out in defense of the allowance that it is not unlike the depreciation allowed the owner of a piece of machinery, except that this one represents a depreciation of capital. For the independent producer must lose so much money in drilling unproductive wells — far outnumbering productive ones — that in order to keep in the business he must do well financially when he strikes a good well.

Moreover, the activity of these independents and "wildcatters" is important to the big companies because they are in a sense the scouting agents, the people who go ahead of the big companies and discover new fields which are later worked by the major concerns. Consequently, all oil producers, big and little, are united on the issue.

Criticism Of Court

By David Lawrence

Bar Association Hits Decisions

Seldom in American history has there been such a scathing criticism of the decisions of the Supreme Court of the United States as has just come from the American Bar Association.

This has nothing to do with the decisions of the court on segregation or integration. Nor do the members of the David Lawrence bar — who by overwhelming vote approved at the Chicago convention this week a committee report on the subject of Supreme Court decisions — come from any section of the country.

The action taken is a formal disapproval of several decisions of the Supreme Court not only in matters of law but in the misuse of the judicial power itself. The report, comprising about 20,000 words, does not criticize the Supreme Court as an institution nor recommend any limitation of its powers, but does say that Congress should at once, in the proper way, endeavor to correct the ill effects of the decisions.

THE REPORT declares: "Many cases have been decided in such a manner as to encourage an increase in Communist activity in the United States through invalidation of state sedition statutes and limitation of state and federal investigating powers in the field of subversion although these cases might readily have been disposed of without so broadly limiting national and state security efforts.

"The pressures on Reuther are obvious. And his reaction to them are obviously Reutherian. He and his CIO colleagues want to hit the streets with demonstrations.

They want government action to create new jobs in their fields. They want to make it a political fight. Yet this is not the way of the former AFL. Nor is it George Meany's way.

"The paralysis of our internal security grows largely from construction and interpretation centering around technicalities emanating from our judicial process which the Communists seek to destroy, yet, use as a refuge to masquerade their diabolical objectives.

"This trend was treated fully in the Conference of State Chief Justices last year when they called upon the United States Supreme Court to exercise the power of judicial self-restraint. The dissenting opinions of certain Supreme Court justices have been crystal clear in charting the effect of the failure of the majority to recognize the

Coast Guard Auxiliary Hears Federal Boating Act Outlined

Paul Rowland, training officer, outlined the Federal Boating Act at a meeting of Flotilla 7 of the Coast Guard Auxiliary Wednesday night at the Hall China Foremen's Club.

The act requires the operator of any boat involved in an accident causing death, personal injury or property damage to stop and give assistance, offer identification, notify the proper authorities and file a written report.

The new act amends the Motor-boat Act of April 25, 1940, to permit the imposition of a civil penalty by the Coast Guard for reckless or negligent operation or failure to obey the "rules of the road."

The act also requires numbering of all undocumented vessels on navigable waters that are propelled by a motor of more than 10 horsepower. Documentary proof of title and ownership is no longer required to obtain a number. Numbers will be issued for periods not exceeding three years and boats will be numbered according to the state of principal use. States may assume the numbering function by law.

A certificate received with the number must be carried in the boat when it is in use. Owners also must give prompt notice of transfer of ownership, or the destruction or abandonment of the vessel or any change of address.

A fee may be charged by the state or the Coast Guard for the numbering. On and after April 1, 1960, the numbers will be awarded by the Coast Guard for three years from the date of the owner's birth-

'A communiqué by Tass, the Soviet news agency, in which every word is officially weighed, omitted any reference to a friendly atmosphere at the latest meeting. A Moscow radio broadcast insisted the morning's talk were "warm and friendly."

Leaders of the Communist-oriented world peace council strove to put a good face on the conferences. They said Khrushchev believes Macmillan's visit will be a good one even if no hard agreements are reached.

Henri de la Vigerie, a French member of the peace group, said Khrushchev told him the Soviet Union will not use force to solve the Berlin question.

The group's leaders talked to Khrushchev several hours before his tough speech to a Kremlin political rally Tuesday. That speech, apparently rejecting Western proposals for a foreign minister meeting on Germany, led the coolness in the talks with Macmillan.

There was no explanation for Khrushchev's absence when Macmillan took off for Kiev and a three-day visit to the Ukraine and Leningrad. Dep. Foreign Minister Vassily Kuznetsov and Jacob Malik, Soviet ambassador to London, accompanied Macmillan.

Newell PTA Backs Move To Obtain Police Protection

The Newell Jefferson Parent-Teacher Association Wednesday night went on record as favoring a proposal that the town employ a full-time police officer.

A letter was read from the Newell Lions Club suggesting the matter be considered. The town presently is policed by a deputy of the Hancock County sheriff's department.

Closing arguments were being given late this morning and Judge Joel H. Sharp was expected to charge the jury on its return from lunch. The case began Tuesday morning.

Underwood's Challenge Hit By Democrats

Leaders In State's Senate Criticize His 'Save State' Request

CHARLESTON (W.Va.) — Gov. Underwood's challenge to the Legislature to pass his program for producing jobs and improving the state's economy or to pass some program, "to save the state," has touched off a storm of criticism from Senate Democratic leaders.

The governor, in an address to a joint assembly of delegates and senators yesterday, declared:

"I am not here to criticize the Legislature, but I am here to be spokesman.

"Not a single bill has reached my desk which will produce a single job for a single unemployed person or provide any measure of relief for the economy."

Senate President Ralph J. Bean (D-Hardy) retorted that if the governor would spend more time in the state he would be better informed as to the plans and work of the Legislature.

Bristled Senate Majority Leader Clarence E. Martin (D-Berkeley):

"I didn't go over to the House to hear it. He hasn't yet given us a program, and his failure to do so is in violation of his constitutional duty. I see no reason to stop work on other activities that are highly necessary.

Reaction among Democratic House leaders was considerably milder.

Especially on the governor's proposal to create an economic recovery agency to deal with the state's long-range approach on unemployment. The governor said the agency's primary duty would be the preparation and maintenance of a master plan for the state's physical, social and economic development.

He also urged an extensive highway construction program as an immediate means of coping with unemployment.

Taxpayers Revolt Spreads In State Of Washington

RITZVILLE, Wash. (AP) — A got to talking an' decided that's "nonpartisan taxpayers' revolt" what we always do — just talk," Cross said. "We agreed to meet for coffee next morning and consider some kind of petition and form letter."

An estimated 10,000 or more revolt-inspired form letters have poured in on state legislators in Olympia, and Gov. Albert D. Rosellini's office said he has received 1,358 of them.

In addition, thousands of companion petitions were being circulated, the signers pledging not to ask for additional services from state government and demanding in return that no new tax laws be passed.

"The campaign has exceeded our wildest dreams," said Edward Cross, an attorney who helped start it. "With all the phone calls, my practice has gone by the boards. We've really got a tiger by the tail."

It started at a Lions Club meeting in this town of 2,200 on Feb. 11 when Bryson Reinhardt, a Wenatchee, Wash., salesman, made a speech about government and taxes.

"When it was over, some of us expected.

Veterans Posts At Wellsville Launch Memorial Day Plans

Plans for the city's Memorial Day observance on Saturday, May 30, have been started by Wellsville's three veteran organizations.

American Legion Post 70 and Veterans of Foreign Wars Posts 5647 and 9235 will be in charge. Each group names representatives to a planning committee which makes all arrangements.

A parade will be held on Main St. preceded by services at the Roadside Park on Wells Ave. and followed by the main program at Spring Hill Cemetery. Services also are held at the city's mem-

orial at 4th St. and Riverside Ave.

Commanders of the three units will serve as parade marshals.

They are George Lawton of Post 70, Kenneth Carter of VFW Post 9285 and Albert O'Rourke of VFW Post 5647.

Mayor William J. Shoub will be honorary chairman of the observance. Melvin Boggs of Post 9285 is secretary of the planning committee.

Committees named include James Martin, traffic control; Henry Dorsey, cemetery seating arrangements; Harry Excell, Jerome Gitschier, Carter, Nick Graham and Earl Roseberry, program; Boggs and Ed Pugh, publicity; Paul Vogel, Richard Carter and George Stapleford, fund raising, and William Rager, decorating.

The names of veterans killed in action or missing are printed on the program each year. Anyone knowing of a person's name that has been missing from the list in the past is asked to contact one of the posts. The names of those buried overseas will be included.

The committee will hold a meeting next Thursday at 8 p.m. at the home of VFW Post 5647.

Dairymen Will Hear Extension Engineer

LISBON — Kenneth Battles, extension agricultural engineer of Ohio State University, will discuss dairy barn remodeling, comfort stalls and ventilation at the Columbiana County Dairymen's Association meeting March 5 at 8 p.m. in the Salem Methodist Church.

A dairy tour will be held March 20 in the northeast section of the county and all interested dairymen are invited to these meetings, according to Albert R. Pugh, county extension agent in agriculture.

11 Townships Listed As Areas Requiring Permit For Burning

WASHINGTON (AP) — House Democrats shrugged off veto warnings today to push toward House action a \$2,075,000,000 federal housing bill going far beyond President Eisenhower's proposals.

Twenty men showed up, then 40 more joined in, \$300 was collected for printing and a nameless organization was born with an eight-man steering committee headed by Ralph Danekas, a mortician who says he is politically independent.

The original goal was to get 1,500 signatures on a "no-new-services, no-new-taxes" petition in the Adams County. Cross said they got 1,150 in three days and the idea "snowballed."

After 500 form letters piled up on his desk, Rosellini, a Democrat, replied with a form letter of his own, asking revolters to be "realistic" and claiming increased taxes are needed to maintain even a minimum of services.

"We weren't convinced," Cross said.

Rosellini has proposed increasing the state sales tax from 3 1/3 to 4 per cent and letters or not, some kind of tax increase is expected.

Veto Warning Shrugged Off By Democrats

WASHINGTON (AP) — House Democrats shrugged off veto warnings today to push toward House action a \$2,075,000,000 federal housing bill going far beyond President Eisenhower's proposals.

The wide ranging House measure was approved by the Banking Committee late Wednesday over futile Republican efforts to cut it back in line with the administration's more modest \$1,660,000,000 program.

No immediate House vote was in prospect. The measure still must be considered by the House Rules Committee, which has delayed such action in past years.

The bill's impact on the President's budget immediately raised the prospect of a veto. House Democratic leaders professed to have no concern at that point.

They announced they would press for enactment of their bill as a mandate from the voters based on last November's Democratic election gains.

Banking Committee Republicans, outnumbered in unsuccessful attempts to substitute Eisenhower's program, blasted the Democratic-backed housing measure as a "budget busting bill."

They contended its cost was nearer six billion dollars than the \$2,075,000,000 figure put on it by the Democrats.

GOP members contended it would have a "devastating adverse impact on the federal budget," which the administration estimates can be balanced at 77 billion dollars next year with a surplus of 70 million dollars if Eisenhower's recommendations for higher postal rates and gasoline taxes are enacted.

Adventists To Sign Temperance Pledges

Members of the Seventh-day Adventist Church will be asked to sign a temperance pledge and to become members of the American Temperance Society at the 11:30 a.m. service Saturday.

"Nevertheless" will be the subject of Elder Elmon H. Roy, the pastor. Robert Metcalfe will direct special music.

Sabbath School will begin at 10.

Young people's meeting will be held Friday at 7:30 p.m. with Elmer McClelland in charge.

The Church Board will meet Monday at 7:30.

Associates Introduce Wetzel's Legislation

Two legislative proposals concerning the study of alcoholism and mortgage foreclosures, were submitted in the Ohio House of Representatives at Columbus Wednesday in absentia by Rep. Clarence Wetzel, who is convalescing from an emergency appendectomy.

One bill, co-sponsored by Rep. Stephen A. Zona (D-Cuyahoga), would set up an advisory board in the Department of Health to study the causes, detection and treatment of alcoholism.

The other bill would require a person foreclosing on a mortgage to obtain an abstract of the title to the property.

Rep. Wetzel of Lisbon is in "good" condition at Salem City Hospital, where he underwent the operation late Thursday night after he was stricken while returning home from a state legislative meeting.

The other bill would require a person foreclosing on a mortgage to obtain an abstract of the title to the property.

General Strike Planned

Haiti May Be Next Major Trouble Spot In Caribbean

Thomas P. Whitney, Associated Press foreign news analyst, has just returned from one of his frequent visits in Haiti.

By THOMAS P. WHITNEY
AP Foreign News Analyst

NEW YORK (AP)—The Negro republic of Haiti may become the next major trouble spot in the Caribbean.

Daniel Fignole, radical leader of the impoverished masses of the Haitian capital Port au Prince, has ordered his followers in a broadcast from Cuba to get ready for a general strike aimed at overthrowing the government of President Francois Duvalier.

Another exiled opposition leader, Louis Dejole, who has strong influence in the upper class and among women and shopkeepers, has been broadcasting the same message in recent weeks.

Haitians listen to these broadcasts and there is an air of anxiety and expectancy.

Haiti is the ham in the Caribbean sandwich — stuck between two blood enemies, Fidel Castro's new Cuba and Rafael Trujillo's tough dictatorship in the Dominican Republic.

This uncomfortable position combines with a desperate economic crisis, with continuing hatreds among Haitian political

factions and with the absence of an efficient government based on popular support, to add up to an unstable situation which could explode at any time.

President Duvalier was voted into office in an army-run election in September 1957 after 10 months of political turmoil following the ouster of strongman President Paul Magloire. Duvalier has virtual dictatorial powers. He gives the impression now of a man of arbitrary temperament with jittery nerves.

In January Duvalier, under the shock of Castro's success in Cuba, attempted to remove the stigma of dictatorship from his regime by freeing all political opponents whom he had jailed, including some sentenced to death. A liberalization of his rule was proclaimed.

But now, in fear of an invasion by his Haitian opponents from Cuba, Duvalier is clamping down hard and uttering dire threats. He has banned all exit visas for Haitians — presumably to hold within the country any who would like to join anti-Duvalier forces.

In firebrand declarations during impromptu speeches he has declared that he should his enemies seek to overthrow him he would unleash a total revolution and not leave one stone on another in Port au Prince.

Slag And Gravel Firms Given Awards For Safety Records

The Midland Slag Co. received four safety awards and the Shippingport Sand & Gravel Co. was given one at a banquet Tuesday night at the Travelers Hotel. Both firms are subsidiaries of the Standard Slag Co. of Youngstown.

The Midland firm won two national awards, a company award and one from Pennsylvania.

The plant is listed in Group 2 for those working under 60,000 man hours without a lost-time accident during the period from April 1, 1957 to March 31, 1958. The firm logged 58,690 hours without a lost-time accident.

The national awards were from the Department of Interior, Bureau of Mines, and the National Slag Association. The National Slag award was a brass plaque presented by Pit & Quarry, a national publication.

The state award was from the Department of Labor and Industry.

H. A. Snow of St. George St. is superintendent of the Midland plant, which has been in operation since 1928. Twenty-two men are employed. Snow said during the period used for the safety judging only one injury requiring minor medical treatment was recorded.

Shippingport Sand & Gravel received a company safety award. L. V. Diebert is superintendent of the Shippingport plant.

About 30 attended the dinner. Standard Slag executives attending were Kenneth K. Kabarise, general superintendent; Joseph Jackson, chief of industrial relations, and Robert Hendrickson, assistant personnel director, all of Youngstown; Keith Dutchess of Massillon, district superintendent of sand and gravel plants; William Allison, of Follansbee, superintendent of slag plants in the Steubenville area; D. O. Seiple, safety director, and Hill McDonald, research engineer.

High Court Refuses Study Of 2 School Consolidations

COLUMBUS, Ohio (AP) — The transfer. The Supreme Court again declined to interfere.

In other cases, the high court let stand the refusal of Stark County to award damages in a suit by Leon C. Rodgers, administrator of the estate of Larry G. Rodgers who was killed when the car in which Larry was riding with Robert D. Dessenberg struck a truck. The accident occurred Sept. 4, 1956, at Warner's Hill on U.S. 30.

Wayne County Common Pleas Court had refused to issue the consolidation order requested by some 400 residents of Wooster Local School District. An Appellate Court reversed the lower court and ordered the consolidation. The Supreme Court Wednesday refused to interfere in the appellate decision.

Lower courts upheld the action of the Butler County School Board in approving transfer of Morgan Twp. School District to Ross Twp. School District. Herbert C. Baird sought to prevent

Probate Court. The Appellate Court reversed and Umbenhauer, estate administrator, appealed to the high court.

Unanimously rejected a request by Shauncey Schafer for an order requiring the Citizens National Bank of Ironton to let him examine books and records and give him a copy of the federal bank examiner's report for the years 1952-54.

ANSWERS YOUR PROBLEMS

Confide In Mother

Dear Ann Landers: My wife is 28 and I am 33. We've been married seven years. We both have excellent positions and agreed when we married to wait before starting a family.

For the last two years I've felt we should get busy but since there was reluctance on her part, I decided not to press the matter. Last week I thought it was time to discuss it openly. I was shocked when she told me that according to her "bookkeeping" we should be ready to start a family in "about two years."

I'm really disgusted with her. When I mentioned leaving, she said I was a brute and if I married her only to bear children, I could go any time.

We both read your column and have respect for your advice. Will you please review this situation in print?—FED UP.

Dear Fed: Tell your wife, according to YOUR figures, in two years she'll be 30 years old, and that Mother Nature doesn't always come running to shower her blessings at the first whistle.

Either she is afraid of motherhood or too darned selfish to go through the inconvenience of having a child. A few visits with a doctor will help to allay her fears.

If it's pure selfishness, however, and she refuses to see a doctor, you have a right to pack your bags.

Hang On To Dignity

Dear Ann: I'm 16 and writing about my sister who is 13. Both Mom and Dad work, so when I come home from school the house is empty.

My 13-year-old sister has become friendly with a girl I don't like. She is a big flirt and way ahead of her years in looks and experience. She knows where all the town hoodlums hang out.

My sister has gotten into the habit of going with this girl to the drug store after school instead of coming home. I am worried about her because I know the boys she meets there are all bad.

I haven't mentioned this to my mother because I don't want to be a tattletale. Do you think I have the right to order my sister to stay away from this girl and come straight home after school? —CHARLOTTE.

Dear Fed: Tell your wife, according to YOUR figures, in two years she'll be 30 years old, and that Mother Nature doesn't always come running to shower her blessings at the first whistle.

It is your obligation, however, to let Mother know that your sister is running in bad company, since Mother works and has no way of knowing these things.

Perhaps if your mother knew her daughter was meeting hoodlums after school, instead of coming home, she'd quit her job, or work part-time and keep her eye on her family.

Smith Scores 25 Points To Put Midland In Semi-Finals

Leopards Reach Semi-Finals 3rd Time

By BOB DUFFY
Review Sports Editor

The Midland Leopards found themselves in the semi-finals of the WPIAL tournament for the third time in the school's history after turning in another outstanding performance to eliminate Homestead, 58-47, in a thriller Wednesday night at the Pitt Fieldhouse.

"It was a team victory and my boys played good ball, but we haven't played our best game yet," was the comment by Coach George Hamilton after last night's game.

When asked about the performance of Movie Smith, Hamilton replied: "What else can you say? Movie played an outstanding game."

AND HAMILTON has all the reasons in the world to be proud of his 6-foot-2 junior pivot man who poured in 25 points with uncanny jump shots to help carry Midland into the semi-finals.

With two victims — Germantown and Homestead — behind them, Midland's next test will come Tuesday night at the Fieldhouse against the winner of the Charleroi-Uniontown game.

From all indications it should be Charleroi, a team that came into the tournament as one of the favorites. Charleroi posted a 22-2 mark during the season.

Midland has reached the semi-finals on two other occasions. The first was in 1949 when it was eliminated by Homestead and the second was in 1955 when Farrell defeated the Leopards.

SOME 3,000 excited fans filled Pitt Fieldhouse last night to watch a nip-and-tuck battle unfold for three periods before Midland finally gained an edge in the fourth quarter.

A GREAT job of "quarterback-

Not more than four points separated the two teams during the first half and the score was tied 12 times.

The 12th tie came at halftime, 19-19.

Midland didn't begin to see daylight until midway through the third quarter when Steve Yetso hit a foul to give the Leopards a 33-32 lead. Hamilton's team managed to pull ahead 43-38 at the end of the third period.

Smith played one of the best games of his high school career as he scored and out-rebounded the Homestead team.

In addition to his 25 points, statistics show that Smith pulled down 16 rebounds.

It was Smith who kept Midland going in the first quarter, when he scored eight points, including six in a row. He added seven in the second period, five in the third and five in the fourth.

—

Smith handled most of the inside scoring as Yetso contributed six points and helped out on the boards.

The other starter, Frank Aloisio, added four points to the attack.

Defense again paid off for the Leopards, who checked their opponents well on the inside shooting. Homestead, however, was hitting consistently from outside on long one-hand push shots.

Ken Wellman, who pumped in five long buckets, finished with 11 points to pace the losers. Wellman also gave Smith a tussle under the boards.

Jim Campbell added eight points.

and Boo Early and Nick Markoff closed with seven each.

Fouls also hurt Homestead when Early collected four and Markoff fouled out with 3:16 remaining. Lake finally committed his fifth foul with only 47 seconds left in the game.

THE GAME was decided at the foul line as both teams scored 19 times from the field. Midland dropped in 20 of 29 fouls and Homestead 9 of 17.

Hamilton's team again turned in a respectable shooting percentage as the Leopards found the Pitt Fieldhouse floor to their liking.

Midland scored on 19 of 48 shots for 40 per cent, while Homestead made 19 of 63 for 30 per cent.

The lead changed hands on six different occasions in the first period and with 50 seconds left Vuckovich hit on a 40-foot set shot to tie the score at 17-17.

Shouts of protest came from the Midland fans when the official

At this stage, Midland vaulted

into the lead on a six-point spree. Yetso and Smith converted fouls, Smith followed with a goal and with 2:44 remaining Vuckovich hit on a jump shot from the side for a 38-32 margin.

Midland held a five-point edge, 43-38 after the period had expired. Baird opened the fourth quarter with a bucket, but this was as close as Homestead came the remainder of the game.

With 2:40 left, Midland had a commanding 53-43 margin.

Big Red Cagers Knock Potters From Tourney 86 To 59

Wellsville Meets Toronto Tonight

By CHUCK CRONIN
Review Sports Writer

It's all over for East Liverpool's often-beaten basketball team.

The Potters bowed out of the picture Wednesday night when they were conquered in whirlwind fashion by top-seeded Steubenville Big Red, 86-59, in the Sectional Class AA tournament at Toronto.

The Stubbies ushered the Blue and White to the sidelines in smashing style, as Captain Sandy Wil-

Cunningham, a 5-10 guard, wound up a distinguished first year on the varsity squad, finishing as leading scorer with 127 goals and 49 of 74 free throws for 303 points.

THE POTTER seniors who ended their cage careers were Bob Beatty, 6-3 pivot man, and Jan Allen, 5-10 guard. Beatty finished this year with 150 points, including 10 against Steubenville.

Allen, the squad's only returning letterman at the start of the season, posted 95 this year and hit six against Big Red last night.

The Potters fought Big Red on even terms until shortly after the opening of the second quarter. Ahead 28-23, Steubenville took complete charge and scored 10 straight points to vault into a 38-23 lead before Allan could counter with a pair of foul shots for the Potters.

Another 10-point spree carried the Stubbies to a 48-25 margin and halftime ended with the winners in front by 51-26. Steubenville scored 23 points to 3 by the Potters after the score read 28-23.

The Potters never recovered from the outburst and received another jolt when junior Craig Burwick fouled out shortly before halftime.

With Big Red defenders constantly harassing the Potter guards, the Stubbies received 66 shots and hit 34 for a sizzling 51 per cent. East Liverpool received only 53 shots, and connected with 21 for 39 per cent.

The defeat left East Liverpool with a 9-4 edge in tournament play against their Jefferson County rivals and a wide margin in total victories, 55-21.

Mrs. Roosevelt's Commercials

Getting as much space as Arthur Godfrey on television pages these days is Mrs. Eleanor Roosevelt. Her noble intentions prompted her to impart a message through television commercials, and when all was said and done, the TV savants were found to be in grave disapproval.

"...the sight of her raising her eyes to the camera and linking her concern for the world's needy with the sale of a food product at the retail counter (oleomargarine) was disquieting in the extreme," said one disillusioned critic.

"...it's a mistake!... The broadcasters, the sponsor and Mrs. Roosevelt herself have been ill-advised," bewailed another.

WE ALL KNOW what the critics think, and in an endeavor to learn that what the viewers think, in their letters to Mrs. Roosevelt, we called on the former First Lady's TV agent, Thomas L. Stix, a waggish sort.

In view of the critical upheaval, it was surprising to learn that the mail response has been at a minimum.

"In all," reported Mr. Stix, "Mrs. Roosevelt has received three letters criticizing her action—one from a thoughtful, intelligent viewer who said she's doing a dreadful thing, the others from—and I'm not at all sure Mrs. Roosevelt would use the word—crackpots."

"There's been more good mail. Four or five letters. These say, 'Thank God somebody had the courage to do something like this and do it intelligently.' They also seem grateful for the fact that 'somebody' is making a significant thing out of a commercial. We're really delighted with the outcome. So is Lever Bros."

AS HAS BEEN NOTED, the fees being paid to Mrs. Roosevelt will be donated to charity. The exact amount is unknown, but it must be considerable for, as Mr. Stix quoted Mrs. Roosevelt as saying, "Anybody who would reject such a sum would be putting her vanity awfully high when there's so much to be done with the money."

Another factor that influenced her decision was the prospect of getting her message across to the TV audience.

In light of the "good" that can result from Mrs. Roosevelt's commercials, they seem no more indecent to this viewer than seeing British-made products (bathe lotion, soaps, hair brushes, etc.) labeled "By Appointment From the Queen."

Work Or Else,

Mexican Rail Strikers Told

MEXICO CITY (AP)—Striking Mexican rail workers had until noon today to return to work or face dismissal. Two-thirds of the nation's rail system was tied up, but a slight break in the strike put some key trains back in operation Wednesday night.

The wage strike by many of the country's 70,000 railway workers was the first major domestic crisis for President Adolfo Lopez Mateos since he took office last Dec. 1.

The walkout began at noon Wednesday, affecting 9,150 miles of the 14,030-mile government-owned rail system. The government promptly ruled the walkout illegal and threatened the workers with dismissal if they were not back on the job by noon today.

Some came back during the afternoon and night. But many said they would not go back to work until they heard from Demetrio Vallejo, head of the railway union.

Vallejo showed no sign of backing down. He said he would seek a federal court injunction against the government ruling that the strike is illegal.

The strikers, whose pay averages \$60 a month, demanded a 16.6 per cent hike. Railway officials said the system was operating at a loss of 27 million dollars a year and could not meet this demand.

Vallejo said union demands were cut to only 16 million dollars annually.

The government said it had increases totaling \$7,600,000 a year.

Geauga County Sheriff's Son Wounds Man, 63

CHARDON, Ohio (AP)—The 12-year-old adopted son of Geauga County Sheriff Louis A. Robusky was in the juvenile detention home at Cleveland today as the result of a shooting in which a Chardon Twp. trustee was wounded.

Lynn H. Hosford Sr., 63, was reported in fair condition at Lake Hospital, Cleveland, where he was taken after the shooting Wednesday.

Chief Deputy Sheriff Richard Ford quoted the boy, Michael Robusky, as saying he had taken his father's .38 caliber gun for target practice and had become frightened when Hosford threatened to call his father. Michael had gone to the Hosford home to get a drink of water.

Deputies were told Hosford had suggested "maybe we'd better call your father" after he recalled that the boy ran away from home last September.

Ford said the boy drew a gun and said, "don't call or I'll shoot."

Mrs. Hosford moved toward the telephone, and the boy pulled the trigger, wounding her husband, Ford.

Deputies, alerted by a call from Mrs. Hosford, captured Michael after a chase across an open field. Mrs. Robusky was placed under treatment for shock.

Truck Driver Fined

LISBON — Donald Lautenheiser, 21, of Kensington R. D. 1 was given a suspended fine of \$10 and costs Wednesday by County Judge James L. MacDonald on a State Highway Patrol charge of spilling his cargo on a highway.

Children Of The Bible

MOSES

"And she called his name Moses and she said,
Because I drew him out of the water."
—Exodus 2:10

The story of the baby Moses is a story of God's guidance and protection of men.

The law of the state had decreed his death even before he was born. But it was part of God's plan to prepare him for a great mission.

Shortly before the child was born in Egypt, Pharaoh had ordered that every son born to a Hebrew be drowned in the Nile. He issued this cruel command because the people of God were increasing in number, and he feared their strength.

Moses was born to a Hebrew couple named Amram and Jochebed. Their home was a roofless mud structure at the river's edge. For the first three months of the infant's life, his mother hid him from the Egyptians.

During that time the family lived in constant terror, lest the baby's occasional cries be heard and he be thrown into the great river of Egypt.

After three months, Jochebed realized that she could no longer successfully conceal the baby. After sleepless nights of prayer and thought, she decided upon a course of action.

The banks of the river were covered with a reed-like plant, with long, narrow, flag-like leaves and tough stalks. From these rushes the Nile boats were made.

Jochebed gathered enough of these reeds to weave into a tiny boat, which she called an ark. To make it waterproof, she lined the bullrush ark with river mud and pitch. Then she kissed the sleeping babe, laid him tenderly in the bullrush cradle and fastened the lid over him.

After the little boat had been placed among the flags by the river's brink, Miriam, the sister of Moses, stationed herself not far away to see what would happen to her baby brother.

Soon Pharaoh's daughter came down to the Nile to bathe. Seeing the tiny punt afloat among the flags, she sent her maids to bring it to her.

When the ark was opened, the bright sunlight wakened Moses and he began to cry. "And she had compassion on him, and said, This is one of the Hebrews' children."

At this moment, Miriam approached and asked Pharaoh's daughter: "Shall I go call a nurse of the Hebrew women that she may nurse the child for thee?"

The Egyptian princess told her, "Go."

Miriam ran all the way home to tell her mother the good news and to bring her to Pharaoh's daughter as the baby's new "nurse."

So Moses, born into slavery, was reared as a prince.

Policeman, Pal Cited In Attack, Slaying Of Widow

NEW YORK (AP) — A police officer and his companion were charged today in the rape-slaying of a 60-year-old widow.

Police said Mrs. Viola Mirman of Brooklyn was dragged into a car Monday, beaten with fists and a blackjack, raped and abandoned in a parking lot.

A tip to authorities led to the arrest Wednesday night of Patrol-

man Francis J. Rogers, 26, and Thomas Murtha, 22, a truck driver.

Deputy Police Commissioner Walter Arm said Rogers, who was off duty, admitted beating the woman, but denied raping her. Rogers accused Murtha of the rape. Murtha also denied raping Mrs. Mirman, but told of beating her.

Rogers and Murtha were charged with homicide, rape and kidnapping. Rogers was suspended from the force.

Using Wrong Lane Brings Arrest For Motorist As Drunk

A 50-year-old man who drove in the wrong lane of Dresden Ave., between W. 8th St. and the Diamond went to jail early today on a charge of driving while under the influence of alcohol.

Moses S. Call of Price St. Ext. drew the standard penalty when he pleaded guilty today before

Municipal Judge George L. Brokaw — a fine of \$300 and costs, 10 days in jail and a six-month suspension of his driver's license. Patrolman W. A. Devon reported he observed Call in his wrong-lane trip from W. 8th St. to the Diamond, then took him into custody.

Another driver was fined today and a third forfeited. Robert B. Travers, 21, of 1229 Clover St., Wellsville, was fined \$25 and costs

when he pleaded guilty to driving without an operator's permit. He carried an expired temporary in-

struction permit, which requires a student to be accompanied by a licensed driver, police said. Trav- ers was arrested at 11:59 p. m. Wednesday on the Pennsylvania Ave. "Hill Rd."

Meanwhile, Donnie Stambolia, 622 Inez Ave., forfeited a \$16 bond on a charge of speeding Tuesday night on Harvey Ave.

Donald Cook, one of Broadway's most humorous comedy stars, began his career as a solemn bank clerk.

Palsy Parental Group Airs Future Projects

Future projects were discussed at the meeting of the Parental Group of the Columbiana County Affiliate of the United Cerebral Palsy Association Wednesday night at the Mary Patterson Memorial headquarters with Mrs. Martha Garren, president, in charge. The group is planning the sale of Easter candy and Mrs. Sylvia Weinbren was appointed chairman. A letter of thanks will be sent

to the manual training class of the high school for making equipment for the clinic rooms.

Members will be represented at the Child Counseling Center's dinner March 6 at the First Church of Christ.

Mrs. Marilyn Wagner and Mrs. Wilma Jane Laughlin were appointed social chairmen for March.

The next meeting will be March 11 at the Mary Patterson.

Man Blames Midland Club For Drunk Brawl

Leonard Petrosky of Midland filed suit Wednesday in the Beaver County Court, asking damages in excess of \$2,500 from the Polish Falcons Alliance of Midland.

Petrosky claims that on April 12, 1958, the lodge sold liquor to him and Jack Mullen of Midland until both were visibly intoxicated.

As a result, they got into a fight.

Petrosky alleges he was injured

Bringing Up A Family

By GARRY C. MEYERS

Development Of Child's Speech Outlined

A new book, "Your Child's Speech," by Flora Rheta Schreiber (Putnam) has more wholesome suggestions to young mothers on ways to encourage good development of speech in the infant and young child than any other book I know about. It is simply written. This book starts off with a chapter, "Your Child Talks Like You." In this chapter, and later, the author emphasizes not only the mother's clarity of speech and quietness of voice, but also the atmosphere of love and understanding she and the family provide for the developing little person.

"You must let Johnny know that you love him. His good speech thrives on this expression of your love... Mother's arms, the tone of her voice, the aura of warmth that she creates — these affect the way the child breathes and eats. They also affect the way he makes sounds and learns to speak."

HOWEVER, in the second chapter, "Sounds into Speech," you should have a salt shaker near as you note what she says about the definite age in months at which

each sound appears. Otherwise, you might either suppose your baby is retarded or precocious in speech.

No rigorous research has been done to support conclusively nearly all the statements the author makes as facts. But do you get the correct impression that, long before the baby really talks, he uses at play all the basic speech sounds.

Later in the book, however, the author takes account of wide individual differences, especially as she writes about the child who, at two or three, doesn't talk at all. Recognizing that deafness and mental retardation can be causes of retarded speech, Miss Schreiber points out many other more frequent and probable causes. But she says that organic causes are only infrequently among them.

WISELY SHE advises that, "If Johnny is not speaking at all at two-and-a-half or three, he should have a careful checkup by a clinical psychologist, a pediatrician, a doctor specializing in ear, nose and throat disorder and a specialist in speech disorders."

Miss Schreiber believes that all normal children would talk sooner and better if parents would devote as much time to speech as to health or even to clothes.

My bulletins, "The Young Child's Speech" and "Stuttering," may be had by sending a self-addressed, stamped envelope to me in care of this newspaper.

SAFE DRIVING TIP

Following a car ahead too closely can lead to serious trouble.

For every 10 miles per hour on your speedometer you should be one car length behind the vehicle ahead of you, warns the Chicago Motor Club. Don't swing to the right around left-turning vehicles if you can't see what's ahead.

Be sure before you change traffic lanes that the road ahead is clear. On the open road never pass on the right side.

Cards Slated In Ohio

To Serve 2 Purposes

CLEVELAND (AP) — A dual purpose identification card, serving as driver's license and liquor purchase authority, will be issued by the state before long, the Cleveland News reported Wednesday. Gov. Michael V. DiSalle and the department heads who are involved already have given their approval of the step, the newspaper said.

The News said the card will carry the name, address, age, signature and photograph of the holder.

It would be issued for a six-year period, but it would be necessary to have it stamped each year. A fee of \$1 would be charged each year. At present, driving licenses costing \$1 are good for three years.

The largest officially recorded hailstone was 17 inches in circumference, reports the National Geographic Society.

Union Sets Vote On Pact Accord; O-M Strike Ends

WOODSFIELD, Ohio (AP) — Union members will vote next week on ratification of a contract agreement that ended a 3½-week strike at the Olin-Mathieson Aluminum Plant at nearby Clarington.

The agreement reached Tuesday night was announced Wednesday. Soon after the announcement, the first batch of the plant's 450 production workers began returning to their jobs to rekindle idle furnaces. The plant makes sheet aluminum.

James Neuhart, president of the United Steel Workers' striking Local 5760, said the agreement, which expires July 31, the expiration date of labor contracts throughout the aluminum industry, provides for wage increases, figured by percentages according to job classification and seniority, and for a cost-of-living bonus.

Not including cost-of-living or security benefits, the minimum wage for the lowest job classification will be \$2.06 an hour, he said.

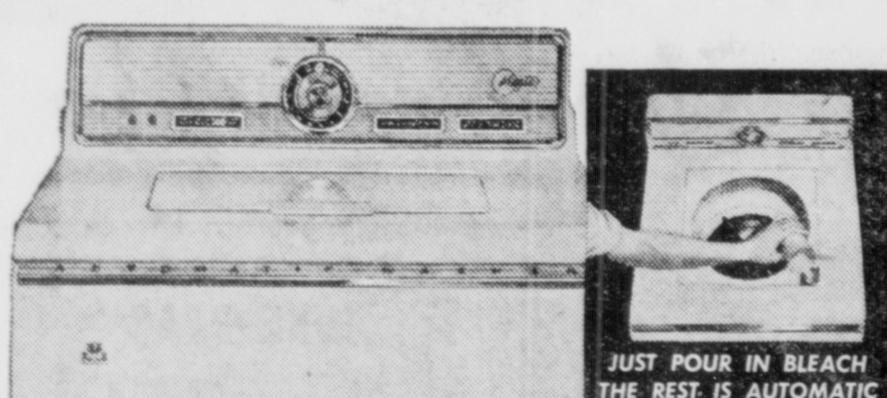

Funeral Set Saturday

TIFFIN, Ohio (AP) — Funeral services for Byrdell Whitridge, 45, business manager of the Tiffin State Hospital, will be held Saturday at the Adams Turner Funeral home here. He suffered a heart attack Sunday and died Wednesday in Mercy Hospital.

MAYTAG Automatic
AND GET A FREE BOTTLE OF CLOROX

MAYTAG BLEACH DISPENSER AUTOMATIC WASHER

No waiting or diluting

Maytag does both jobs for you. Just add concentrated bleach through dispenser opening; bleach remains in dispenser until washer has filled and washing action starts, and is automatically diluted before being introduced into the wash water. After washing action starts, bleach is added slowly to provide uniform bleaching action. Only Maytag provides this automatic delay and predilution.

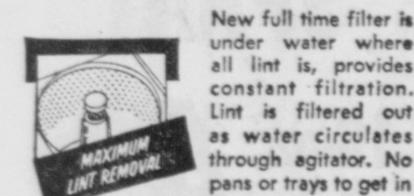

No bleach damage to clothes

By providing automatic dilution and properly timed injection, Maytag prevents heavy concentrations of bleach from coming in contact with clothes. Gone forever are the holes in clothes, the weakened fibers, the uneven bleaching associated with strong liquid bleaches.

No half-hearted detergents

Modern detergents contain brightening agents which are destroyed by liquid bleach when bleach and detergent come in contact with water at the same time. By delaying the introduction of bleach until after the washing action has started, Maytag preserves the full effectiveness of your detergent and clothes come out sparkling clean, white, and color bright, wash after wash after wash.

And Maytag Lint-Filter Agitator gives cleaner, lint-free washings

New full-time filter is under water where all lint is, provides constant filtration. Lint is filtered out as water circulates through agitator. No pans or trays to get in the way.

Detergent dispenser in agitator prevents damage to fabrics from undissolved detergent. Simply add detergent; circulating water dissolves it completely before contact with clothes.

Billy Graham's Forced To Bed With Eye Trouble

MEMLBOURNE, Australia (AP) — A recurrence of eye infection kept evangelist Billy Graham in bed today. But he will go on with his Melbourne crusade, said the Rev. Grady Wilson, a member of Graham's evangelical team.

"The eye trouble has been with him ever since the Melbourne crusade began almost a fortnight ago," Wilson said.

The infection delayed Graham's departure from the United States for Australia early this month. He spent two weeks in Hawaii recuperating from it.

The doctors have advised Graham to rest as much as possible and told him to cut his sermons from 60 to 35 minutes to reduce the strain.

About 200,000 persons so far have attended Graham's Mel-

bourne meetings, which began 11 days ago.

The evangelist told a capacity crowd of 25,000 Wednesday night to pray for "Macmillan in Moscow, and Dulles and all other world leaders who are working for peace."

West Virginia House Action Due On Highway Tax Bills

CHARLESTON (AP) — Tax bills to boost the yearly amount of state revenue for road-building by an estimated \$7,700,000 came before the House of Delegates for possible amendment action today.

The Senate already has passed the three bills. If they clear amendment stage without delay, they will — barring unforeseen delay — be up for final House passage tomorrow. Any amendments would require the affected bills to go back to the Senate.

Biggest revenue-raiser among the bills is an increase from six to seven cents a gallon in the tax on gasoline and diesel fuel. It accounts for 4% million dollars of the total estimate.

Another of the bills would raise automobile and truck license fees.

Grand Jury Due To Give Report In Murder Case

CINCINNATI (AP) — The Hamilton County Grand Jury may report today on the results of its investigation of the murder charge against Mrs. Edy Klumpp, accused of slaying her lover's estranged wife.

The grand jury heard five witnesses Wednesday.

Prosecutor C. Watson Hover also took several stacks of papers into the grand jury room and they were believed to have been reports of the police investigation of the slaying.

Mrs. Klumpp, a 40-year-old divorced and former part-time school teacher, is accused of slaying Mrs. Louise Bergen, 32, Oct. 30. Mrs. Bergen's badly burned body was found Nov. 1 on the shore of Lake Cowan in Clinton County.

Police have said Mrs. Klumpp admitted the slaying at first but later said Mrs. Bergen was shot accidentally as they grappled for a gun.

Mrs. Klumpp was quoted by officers as saying she met Mrs. Bergen to try to talk her into divorcing her husband, Charles, who and Mrs. Klumpp could be married.

Missing WVU Coed Returns To Campus

MORGANTOWN (AP) — Authorities today were attempting to retrace the steps of Barbara Jean Henderson, West Virginia University sophomore, who returned to the campus yesterday after disappearing for three days.

The blonde, blue-eyed girl from Richwood showed evidence of having suffered temporary amnesia, Dr. Clark D. Sleeth of the university medical staff said. The 19-year-old coed also suffered from exposure during her three-day absence but her condition otherwise was satisfactory.

Miss Henderson returned to the campus on her own. She apparently came to the realization of where she was and called a cab to pick her up on 4-H Camp Road, about five or six miles from here, Dr. Sleeth said.

Red Germany Seeks Wedding Rites Change

BIEFIELD, Germany (AP) — Communist East Germany wants to replace the "love, honor and obey" in the marriage ceremony.

Evangelische Welt, official organ of the German Protestant Church, said the Red regime is suggesting newlyweds exchange this vow: "We pledge to maintain Socialist achievements and increase the state power of workers and peasants. We promise we will respect each other, will help care for and help each other, will help each other's professional and cultural development, will take our decisions jointly and will be indissolubly true to each other."

Hockstown Cub Scouts Slate Dinner Saturday

Cub Scout Pack 412 of Hockstown will hold its annual Blue and Gold dinner Saturday night at 6 at the Hanover Presbyterian Church on Route 18, near Hillendale.

Robert Eaton is cubmaster and William McCarrell is assistant. Awards will be presented. Schooling for the pack's leaders was held Tuesday night at the church. Twelve attended.

California Couple Charged In Bid To Poison Boy, 6

PHOENIX, Ariz. (AP) — Charges of attempting to kill a retarded six-year-old boy with poisoned candy have been filed against a California couple.

Phoenix officers were to go to Los Angeles today to pick up Mrs. Edna F. Howard, 36, and James L. Will, 38, her former husband, both of Pasadena, Calif.

They are charged with trying to poison Michael Howard, son of the woman by an earlier marriage. The charge carries a maximum penalty of 10 years to life.

An official of the Valley of the Sun School for Handicapped Children uncovered the poisoned candy Wednesday when she disregarded instructions to see that it went only to Michael.

As Mrs. Bernice Kussell, school superintendent, broke up the candy for distribution among all the children, she discovered two capsules later found to contain lethal dog worm medicine.

The discovery led to the arrest of the couple in Los Angeles.

Blue Cross' Hospital Bills Hit \$58 Million

CLEVELAND (AP) — More than \$58 million dollars in hospital bills was paid out by Blue Cross of Northeast Ohio last year.

John R. Mannix, Blue Cross executive vice president, said at Wednesday's annual meeting of the organization's trustees, the average bill for each subscriber needed bed care was \$230.

Mannix said Blue Cross enrollment in the 11 northeast Ohio counties in which it operates was 1,770,623 at the end of 1958 — about 8,000 below the figure at the start of the year.

Gas Fumes Blamed For Death Of Couple

CINCINNATI (AP) — Carbon monoxide poisoning was blamed today for the deaths of James Dozier, 46, and his wife, Rachel 48.

Their bodies were found Wednesday in their west end apartment.

Police Lt. Peter Lind said a gas stove and gas space heater were turned on. James Garland, air pollution control inspector, said the heater was unvented and defective.

Present passenger automobile license fees are based on a scale of \$11 for a weight of 2,000 pounds or less, plus 60 cents for each additional 100 pounds, or fraction thereof.

The pending bill would consolidate the 31 present passenger car classifications into just three. License plates would cost \$20 for weights of 3,000 pounds or less, \$22 from 3,001 through 4,000 pounds, and \$28 for cars weighing more than 4,000 pounds.

Truck license fees would go up by varying amounts, depending upon the classification. All of the proposed truck increases amount to at least 12½% for cars weighing more than 4,000 pounds.

The third bill would raise the cost of a driver's license, issued for four years, from \$1 to \$5.

Chester Will Act On Old Water Bills

Water service for 62 delinquent Chester customers was ordered shut off unless bills are paid within 10 days when the water and sewer committee of Council met Wednesday night at City Hall.

Harold Ash, water works superintendent, was authorized to end water service for customers who owe a total of \$1,098 on overdue bills.

Ash was also instructed to take action to collect \$274 owed on delinquent sewer bills by 42 residents.

The committee, headed by Councilman John Abrams, instructed Ash to proceed with a program to provide water meters for the entire town, as authorized by Council earlier this month. Ash will start installation of meters and will purchase new meters and needed parts for repairs to old meters not in use.

Councilmen Walter McSwegan and James Waggle are on the committee.

\$756,900 Cost Seen

COLUMBUS, Ohio (AP) — General construction work on a physics and mathematics building at Miami University, Oxford, will cost at least \$756,900. That was the apparent low bid submitted Wednesday by Frank Messer and Sons, Inc., Cincinnati. The state public works department said the bid compared with the state estimate of \$779,312.

Seaton Says Reds' Production Not Outstripping That Of U.S.

OXFORD, Ohio (AP) — Secretary of Interior Fred A. Seaton today urged a university student audience to hope and pray for international cooperation which would counter propaganda from military, scientific and economic competition.

At Miami University, where he was given an honorary degree, Seaton denied that Russian production is outstripping that of the United States.

He also said he "sincerely believes it a significant fact" that Russian scientists are participating in research to improve world living standards.

"Whenever a Russian child learns to read, whenever a Russian scientist makes a discovery, in some small measure, at least, we can have cause for hope as well as some apprehension over the use to which this learning and this science can be put," Seaton tournament April 2-5.

He told the students they should develop the habit of looking at alleged facts only in the cold light of reason.

Subject to the most intense pub-

lic scrutiny everything government does and spends for.

Recognize the revolution of rising expectations which is taking place in the less developed countries of the world.

Seaton was given an honorary law degree and a citation praising him as a "demonstrator of the responsible use of mass communication to inform and educate the citizenry of a democracy," and as a public servant and advocate of conservatism.

Pro Golfer Recovering From Hernia Operation

OKLAHOMA CITY (AP) — Bob Wingerer, chairman of the Professional Golfers Assn., Tournament Committee and one of the top players on the tour, is recovering from a hernia operation and expects to play in the Masters tournament April 2-5.

Wingerer said he planned to spend about two weeks at Palm Beach, Fla., to practice before going to Augusta. Wingerer left the tour after the Palm Springs, Calif., tournament late in January.

Proper Posture Can Curb Double Chin

Let's sneak up on that double chin . . . from the rear. Oddly does make perfect. enough, the nape of the neck is the root of many a double chin.

Send a long, stamped, self-addressed envelope for illustrated exercise leaflets entitled, "For A Beautiful Throatline and Get A Lift With Posture." Address your request to Ida Jean Kain, in care of this newspaper. Post card requests can not be answered.

**County Court Income Far Short Of Expenses**

LISBON — Columbian County's three county courts failed to pay half of their expenses in the first year of operation, according to the auditor's office.

A total of \$16,928 was spent for salaries, stationery, supplies, equipment, rent, gas and telephone equipment for 1958 and the three judges collected \$7,455 in fines and costs.

Expenses included salaries, \$10,893; stationery and supplies, \$1,061; equipment, \$1,407, and other expenses, \$3,567.

Former Judge Samuel Crawford at Lisbon turned in \$4,788; Judge Luther Donbar at East Palestine \$2,232, and Judge John Fitch at Salem \$435.

Judge Donbar is now at Salem and Atty. James L. MacDonald is the new judge at Lisbon and Earl Spaulding at East Palestine. The courts replaced the former justices of the peace system.

Still sitting sideways to the mirror, drop your head back and place fingers in front of each ear, holding elbows sideways, straight out from shoulders. Without allowing fingers to move, lift your head — using the muscles at the back of the neck and stretching upper back. This brings the head-lifting muscles strongly into action.

If this movement makes for a double chin as you do it, it's not being done correctly. Another test: the front of the neck should be in the same position when head is lifted as it was when the head was back . . . head or neck must not be thrust forward.

Here's another exercise to strengthen the neck muscles and banish chin troubles:

Position: Lie flat on back, arms straight out at sides, shoulder level.

Movement: Lift head slightly off floor. Do not lift your shoulders. Slowly lower. Repeat 3 times, later 6 times in all.

Of course, it's not just head carriage that is important. The entire figure must be in correct alignment.

STAND AND sit as tall as possible without strain — head erect and easily poised with no tension in the neck, chest elevated, girdle muscles pulled up with pelvis centered, arms hanging easily from the shoulders, shoulders straight, down and relaxed.

That is not only efficient, but

Legion Will Hold Oratory Contest

Hancock County will be represented in the First District section of the annual oratorical contest sponsored by the West Virginia American Legion, sending a student to compete with those from five other schools Friday night at 6:30 in Wellsville.

A Weirton High School student will compete against others from Wellsburg, Follansbee, Benwood, Bethany and Cameron. Chester, Newell and New Cumberland are not entered.

George LaNeve of Newell is chairman of the competition in the First District, which is comprised of Hancock, Brooke, Ohio, Marshall and Wetzel Counties.

The students have a choice of a dozen topics relating to the U. S. Constitution. The prize is a scholarship at any college under the jurisdiction of the State Department of Education.

Winners at the Wellsville contest will go on to a sectional contest March 7. It probably will be held in Fairmont. The state finals are scheduled March 17 at 10:30 a. m. in Parkersburg.

From the Parkersburg competition, the winners will advance to national competition in which the first prize will be a \$4,000 college scholarship. Other prizes are: Second, \$2,500 scholarship; third, \$1,000 scholarship, and third, \$500 scholarship.

Railroads in Ireland are now completely dieselized.

Outlook Brightens As Pastor Aids Hungry Farm Workers

LAS VEGAS, Nev. (AP)—Hungry farm workers who traveled hundreds of miles desperate for \$6 a day jobs, only to find neither

miles northeast of Las Vegas. Hopefully they headed north, 300 strong.

They found the harvest late and farmers' housing already bulging with hundreds of other workers who follow the crops. Until the onion, radish and tomato crops ripened, there would be far more workers than jobs.

"The only thing these people have to bargain with is their hunger," says Father Crowley, a Roman Catholic priest.

He visited the workers' camps daily, in a borrowed truck, with meager offerings of food and clothing he has collected from donors.

For a week State Labor Commissioner George Jolly was on the scene, sent by Gov. Grant Sawyer largely at the urging of Father Crowley.

"It was a bad deal, but I think things are in pretty good shape now," Jolly said today.

Family Crusade Series Continues At Citadel

A "Family for Christ Crusade," commemorating the diamond jubilee of the Salvation Army, is being conducted in the citadel night-ly at 7:45.

Eva Clausen and Celeste Richardson, evangelists, are featured in the series, which include gospel messages, sacred music and flannelette lessons.

The public is invited.

Mundt, the committee's vice chairman, predicted the inquiry will deal at some length with:

1. Whether some union flower funds—set up to buy flowers for members who are sick or have died—are used only for those purposes.

Republican members raised some critical questions about UAW flower funds during last year's inquiry, but the committee refrained from ordering an audit of those funds at the time.

One committee member, Sen. Barry Goldwater (R-Ariz.), was described as proposing that the new inquiry embrace the explosive subject of unions' tactics in last November's election campaign against "right to work" laws. Such measures were defeated in five of the six states in which they were voted on last fall.

The committee's chairman, Sen. John L. McClellan (D-Ark.) confirmed that the right to work issue had been mentioned Wednesday in a closed meeting, but he said no motions were made or votes taken. He declined to elaborate.

The committee wound up its public hearings Wednesday on alleged extortion rackets in Chicago area jukebox and game machine operations.

This and two other bills already on the House calendar are designed to raise \$167,000 with which to provide salary raises of about \$50 a month for State Police personnel.

"Feels great to be back at second base," Martin said following the workout. "My arm may be sore for a while, though. I have to go back to that quick flip."

He didn't play a game at second base for Detroit last season. He opened at shortstop and then was moved to third base.

Manager Joe Gordon plans to have Martin as the leadoff batter and Jim Piersol batting second throughout the exhibition campaign and possibly when the Indians open the season at Kansas City April 10.

A 55-point scoring binge has

punctuated once and for all Elgin Baylor's answer to those who thought he might be just a flash-in-the-pan in the National Basketball Assn.

The Minneapolis Lakers' rookie

scored the third highest point total in NBA history Wednesday night as the Lakers defeated Cincinnati 116-96. Ironically, the victory also helped the Detroit Pistons clinch a playoff berth in the Western division, though the Pistons dropped a 104-100 decision to division champion St. Louis.

Philadelphia knocked over the New York Knicks, 134-123 in the other NBA action.

Baylor, formerly of Seattle University, scored 22 field goals and 11 fouls to rank behind Joe Fulks and George Mikan as the NBA's greatest single game scorers.

Fulks set the mark of 63 while playing with the Philadelphia Warriors in 1949. Mikan, a former Laker, scored 61 in 1952.

The Lakers will play the Pistons

in a best of three game series,

the winner meeting St. Louis for

the division title and a spot in the

championship final against the
